ayanvivo05@gmail.com

Datta Nagar Mehrun, Jalgaon

## PROFILE

Dynamic and detail-oriented Web Developer with a Bachelor of Computer Application (BCA) and a strong foundation in modern web technologies. Proficient in JavaScript, TypeScript, and various frameworks including Node.js and React.js. Eager to leverage skills in full-stack development to create innovative web applications. A quick learner with a passion for problem-solving and a commitment to delivering high-quality code.

## PROJECTS

### To-Do List App

- Developed a simple yet effective Todo application using HTML, CSS, and vanilla JavaScript, enabling users to add, delete, and manage tasks.
- Implemented dynamic DOM manipulation and responsive design to ensure seamless user interaction across devices.

### Calculator App

- Developed a functional Calculator application using HTML, CSS, and vanilla JavaScript, allowing users to perform basic arithmetic operations.
- Implemented dynamic UI updates and responsive design to provide an intuitive user experience across different devices.

### Weather App

- Developed a dynamic Weather application using HTML, CSS, and vanilla JavaScript, integrating a public weather API to display real-time weather information based on user input.
- Implemented responsive design and intuitive UI for an enhanced user experience across devices.
